Highlights of Our Activity:

Understanding Concepts through experiments and practicals specifically designed by us.

All courses are designed to help students prepare for most of the competitive exams like Homi Bhabha, Olympiads, NTSE, CET, NEET and JEE.

Gradual exposure of depth of any concept from Std VIII to Std XII with interlinkages between topics, subjects and grades.

In depth preparation of 'Mathematics' especially for students wishing to take up Engineering/Technology as their career.
